Sit-Stand Desking

Take a stand for
office wellbeing
with **LEAP** desks

LEAP Sit Stand Desks

Leap is the future of desking, providing many benefits to employee health and productivity.

Leap is a sit-stand desk which can be electrically adjusted to sitting or standing height to prevent problems associated with prolonged sitting.

The range of desking includes a single stand-alone desk, bench desk, radial desk and k top desk.

Our frames can be manually expanded to accommodate tops from 1200mm to 1800mm in width and electronically adjusted from 655 to 1255mm in height, all at the touch of a button with the touch-sensitive controls.

SINGLE DESK | DARK WALNUT TOP | SILVER LEG

LEAP SINGLE

Leap Single is a stand alone electrically height adjustable desk. Our frame can be manually expanded to accommodate tops from 1200mm to 1800mm in width and electronically adjusted from 595 to 1245mm in height, all at the touch of a button.

LEAP RADIAL

Leap Radial is a height adjustable stand alone desk available in tops 1600mm and 1800mm.

The ergonomic desk is commonly used in work environments and presents a flexible design which can be used to create endless configurations to build the perfect office layout.

Leap Radial desks can be used to utilise corner space in the office or in combinations to create cluster desks for either 2 or 4 workstations.

All paint used is completely solvent-free
and offers up to 99% material utilisation.
Consequently, this coating method is
incredibly economical and, at the same
time, eco-efficient.

WEEE - DID YOU KNOW?

Leap products are **WEEE certified (Waste Electrical and Electronic Equipment)**. WEEE Ireland is a not for profit organisation, committed to delivering cost effective compliance since 2005. WEEE Ireland represents 74% of the electrical and electronic industry who have a Producer responsibility under the WEEE Directive 2012/19/ EU to organise and finance the environmental management of their products at their end of life.

Since September 2008, all producers that sell electrical goods must take back the electrical products for free recycling. This is part of a European Directive which came into force in 2008, to encourage recycling across the EU. WEEE Ireland has been the Scheme of choice in Ireland maintaining majority market share across all sectors and operates under the approval of the Minister for Communications, Climate Action and Environment.

Any electrical goods you purchase from us we will recycle for free at the end of their life cycle. By being WEEE registered we can help make an environmental difference by:

- Reducing the amount of waste going to landfill.
- Save the planet by reducing the effects of the hazardous materials in WEEE.
- Conserve natural resources as materials such as plastics, glass and metals are recovered for use again in the industry.

LEAP APP

Download the free Leap App and take Control of your desk height through your phone.

The Leap App includes the following features:

- Adjust the desk height
- Set memory positions
- Create daily standing goals
- Track your daily standing progress throughout your workday.
- View your historical data
- Set sedentary reminders

To get started simply search for "Leap Desk" in the App store or Google Play.

Once downloaded you can connect the app by pairing with the desk Dongle supplied by Edit Office via Bluetooth.

For more information, please contact a member of our sales team.

HEALTH BENEFITS

LOWERS RISK OF OBESITY

Using active workstations will keep you productive, while also keeping you in shape.

BACK PROBLEMS

Several studies show that standing desks can dramatically decrease chronic back pain caused by prolonged sitting.

MOOD AND ENERGY LEVELS

Standing desks appear to have a positive influence on overall wellbeing.

STANDING MORE CAN INCREASE YOUR LIFESPAN

Studies have found a strong link between increased sitting time and early death.

HEART RISKS

People who sit for more than 8 hours a day, double their risk of developing heart disease compared to those who sit for less than 4 hours a day.

BRAIN ACTIVITY

If you stay fixed in one position, insufficient oxygen-rich blood will be pumped around the body, causing brain function to slow down.

MUSCLE PROBLEMS

If you stay seated all day, your leg muscles and gluteus muscles will become inactive, thus reducing your ability to sit up straight.

POOR CIRCULATION

Remaining seated for too long may result in swollen ankles and varicose veins, caused by fluids sinking down into the legs.
