Levanta is the future of desking, providing many benefits to employee health and productivity.

Single Desking

Levanta Single Desking range consists of 5 popular premium desks - Leap, RoundE, Zoom, and FlipMe. All desks are a stand alone electrically height adjustable desk. Sit or stand at your desk throughout the day to improve your health and wellbeing.

Bench Desking

Leap Bench by Levanta is a premium two person sit stand height adjustable desk with the same adjustability as the Levanta Single desk. Each user is able to work at their own chosen height making it a perfect solution for an office environment. Levanta Bench desking also offers the option to add an acoustic screen between desks.

Radial & K Desking

Leap Radial & K by Levanta can be used to utilise corner space in the office or in combinations to create cluster desks for either 2 or 4 workstations. Levanta Radial is a perfect solution for executive desking allowing for extra work space and room for underdesk storage solutions.

LEVANTA

Zoom by Levanta

Work smarter with the Zoom sit-stand desk. Height-adjustable from 685 to 1185 mm with the touch of a button.

Zoom is designed to give you the perfect ergonomic workspace with its ability to effortlessly transition from a sitting height to a standing height in seconds. Frames are available in white, silver or black and tops are available in a range of top finishes to suit your interior. Choose from scallop or cable port management.

LEVANTA

FlipMe by Levanta

A premium, cable-free sit-stand desk

The FlipMe standing desk is a versatile solution for dynamic workspaces. Its 1600 × 800mm tabletop flips to become a whiteboard, making it ideal for brainstorming and collaborative work. Designed for ease of use, the surface can be flipped by one person in seconds.

Mobile casters allow the desk to be easily repositioned, while a built-in lithium battery with USB charging keeps the setup clean and cable-free. An anti-collision function ensures safe, stable height adjustments. FlipMe brings flexibility and practicality to modern offices and home workspaces.

Features

- Dual-purpose design – Sit Stand desk with a tabletop that flips into a whiteboard for brainstorming and collaboration.
- Cable-free convenience – Built-in lithium battery with USB charging port, no external power needed.
- Easy to use – One-person flip mechanism for seamless workspace transitions.
- Safety first – Anti-collision function ensures stable and secure operation.
- Enhanced mobility – Equipped with mobile casters for effortless movement.
- Perfect for any space – Ideal for modern offices and home workspaces.
- Built to last – 10-year guarantee for long-term reliability.

acoustic pods.

We offer a number of acoustic solutions for the workplace including Ciunas pods.

Acoustics in the workplace are often overlooked, despite numerous studies showing their positive impact on productivity and wellbeing. It is widely recognised that workers perform better in a quieter, acoustically-treated environment, making it an essential aspect of office interiors

Visit our website to view our acoustic pod range.

Zeno acoustic pods

Acoustic pods designed to restore calm, clarity and control to the modern workspace.

Thoughtfully engineered to reduce noise and visual distraction, Zeno creates a quiet retreat for focused work and uninterrupted conversations. Its flexible modular design assembles in 45 minutes and supports mobile or fixed use, with premium aluminium and steel construction, up to 31 dB acoustic insulation, certified soundproof glazing, fresh-air circulation, and adaptive integrated lighting. Configurable connectivity, multiple finish options, and a 5-year structural guarantee complete the design.

screens.

Simple solutions that provide the privacy and seclusion that you need.

We offer a range of office dividers, office privacy screens and other office desk screens to give yourself the perfect acoustic solution to a noisy office, the possibility of social distancing and the privacy that you need. Investing in an office partition or screen is the ideal fix, as it's a simple and effective way to create defined spaces that offer the opportunity for quiet concentration and privacy.

Koala Acoustic PET screens

Koala Acoustic PET screens are made from PET material which is manufactured from recycled material.

Koala Acoustic PET is a desk mounted screen made in our UK warehouse and manufactured from Acoustic panels. Not only do Acoustic PET screens give privacy to the desk user but they also provide an excellent acoustic solution to reduce noise in any office space. This dramatically improves the health and wellbeing of employees ensuring more focus and increased productivity.

lighting.

Koala Acoustic lighting is the intelligent fusion of high-performance illumination and sound-absorbing design.

By integrating acoustic materials directly into light fixtures, it reduces echo, softens background noise, and creates calmer, more comfortable environments, without compromising on aesthetics.

* Please note: allow approximately one week for delivery.

lighting

JD/Louise/Thelma by Koala Acoustic

Designed with sound-absorbing materials that help reduce ambient noise, creating a calmer and more focused environment.

Thelma & Louise combine bold, contrasting forms with acoustic performance and warm ambient light. Paired with the JD acoustic accessory, they offer a versatile lighting solution for modern interiors.

* Please note: allow approximately one week for delivery. Price includes all electrics except the bulb.

Sinead by Koala Acoustic

Introduce elegance and acoustic comfort with Sinead, a pendant that blends organic form with sustainable function.

Crafted from sound-absorbing fabric, Sinead reduces unwanted noise while casting a soft, inviting light-perfect for dining areas, lounges, and collaborative workspaces. The dome-shaped shade creates a calming presence, while the natural wooden detail at the suspension point adds warmth and a tactile accent to the design. Sinead is designed for long-term practicality as well as aesthetic appeal. A harmonious balance of form, light, and acoustics, this luminaire enhances spaces with understated character.

Lilo by Koala Acoustic

Make a statement in your space with Lilo, a contemporary lighting solution designed to do more than just illuminate.

Crafted from high-performance acoustic materials, this oversized fixture reduces ambient noise while enhancing the aesthetics of modern commercial environments-from open-plan offices to hospitality venues. Featuring a striking vertical contrast stitch detail along the fabric joint, the pendant adds texture and visual interest to any ceiling landscape. Designed for easy maintenance and long-term versatility, the E27 lamp (not supplied) can be replaced when needed. Elevate both form and function with a luminaire that speaks volumes-quietly.

SEE PAGE 140 FOR ALL STOCKED OPTIONS - >

Alana by Koala Acoustic

Add depth and character to your space with Alana, a pendant designed to combine sculptural presence with functional performance.

Constructed from sustainable, sound absorbing fabric, Alana reduces ambient noise while delivering soft, even illumination. Its gently gathered form creates a tactile, textile-inspired finish that adds warmth and visual softness to commercial and hospitality interiors. Suspended with a lightweight cable system, Alana appears to float overhead, making it a striking yet calming addition to any space. Alana ensures both long-lasting use and ease of maintenance. A luminaire that balances acoustic benefit with crafted design, Alana elevates atmosphere through both look and feel.

Poppy by Koala Acoustic

Bring character and comfort to your interiors with Poppy, a pendant that combines soft curves with practical performance.

Inspired by organic forms, Poppy's petal-like segments create a sculptural silhouette that softens ceiling landscapes while adding a touch of playfulness. Crafted from sustainable, sound-absorbing fabric, it reduces background noise and enhances acoustic comfort in open-plan offices, hospitality settings, and creative workspaces. Poppy delivers warm, ambient light and ensures easy long-term maintenance. Both decorative and functional, Poppy transforms ceilings into design features that improve atmosphere in more ways than one.

SEE PAGE 140 FOR ALL STOCKED OPTIONS – >

Belle by Koala Acoustic

Make a bold yet refined statement with Belle, a pendant that merges strong geometry with functional comfort.

Shaped from sustainable, sound-absorbing fabric, Belle's fluted dome design reduces unwanted noise while creating a striking architectural feature overhead. Its sculptural ridges add depth, texture, and rhythm to ceilings, transforming functional lighting into a design focal point. The wide dome ensures generous, diffused illumination, ideal for large commercial or hospitality settings. Belle combines ease of maintenance with long-term performance. Both commanding and calming, this luminaire enhances interiors by balancing acoustics, atmosphere, and form.

Scarlet by Koala Acoustic

Bring clarity and balance to your interiors with Scarlet, a sleek linear pendant designed for both visual impact and acoustic comfort.

Engineered from high-performance sound-absorbing materials, Scarlet reduces background noise while delivering efficient, even illumination, making it an ideal solution for open offices, meeting rooms, and hospitality spaces. Its elongated silhouette creates a modern, minimal statement across ceilings, while the suspended design adds a sense of lightness and flow. Fitted with a replaceable linear LED source, Scarlet combines long-lasting performance with easy maintenance. A luminaire that refines both atmosphere and acoustics, Scarlet is where function meets understated elegance.

for every desk we sell, we will plant a tree.

RESTORE NATIVE FOREST

PROMOTE ACCESS TO MEDICINAL AND OTHER FORESTRY PRODUCTS

INCREASE FOOD SECURITY

CREATE ACCESS TO CLEAN WATER

Sustainability

We partner with the Global Climate Institute, where we plant a tree in Tanzania for every desk sold.

Why Tanzania?

The deforestation rate in Tanzania is amongst the highest in East Africa. For a country where the forests typically help fuel the national economy, this degradation has a dramatic impact on rural communities, causing major food insecurity.

Luckily, tree planting proves to be one of the most versatile and cost effective means to improve the quality of life for people living in impoverished areas, as the trees will provide decades of food, medicine, shade, firewood, carbon fixation, environmental enhancements, wildlife habitat and benefit the global climate.

GLOBAL CLIMATE INSTITUTE® GREEN FUTURE

plant a tree

Certification

Our sit-stand desk frames are now Global Green Tag certified.

LEAP SINGLE

LEAP BENCH

ZOOM

ROUND-E

Global Green Tag is one of the world's most robust, trusted and widely recognised ecolabels. The globally trusted certification standards are recognised worldwide.

Global GreenTag independently assures that every product is fitness tested and certified under one of their two leading certification programs that use the world's best scientific methods. That's why they have earned the reputation and trust of thousands of buyers, hundreds of companies and numerous green building councils, certification bodies and governments around the world.

Reuse and recycling of Waste Electrical and Electronic Equipment.

We are a registered Recolight member and WEEE certified for all sit-stand desks.

The WEEE Regulations were introduced to the UK in 2007. Their purpose is to make sure Electronic and Electrical Equipment (EEE) is recycled; keeping this harmful waste stream from landfill. The regulations aim to improve the environmental performance of businesses that manufacture, supply, use, recycle and recover EEE. You may have obligations under the WEEE Regulations if you are a business which sells electrical or electronic equipment.

Working with recycling and logistic operators.

Recolight use Approved Authorised Treatment Facilities to recycle waste. This ensures that the waste is treated responsibly, maximising the amount of recycling that can achieved and its impact on the environment.

We have full duty of care traceability – we know exactly where the waste we collect has come from, and how and where it gets recycled.

Recolight Members recognise that WEEE compliance is about more than just ticking a box and are actively committed to protecting the environment.
